January - March 2020
Disclaimer

This document and any related conference call or webcast (including any related Q&A session) may contain forward-looking statements and information (hereinafter, the “Statements”) relating to the Telefónica Group (hereinafter, the "Company" or "Telefónica") or otherwise. These Statements may include financial forecasts and estimates or statements regarding plans, objectives and expectations regarding matters such as the customer base and its evolution, growth of the different business lines and of the global business, market share, possible acquisitions, divestitures or other transactions, the Company’s results and other aspects related to the activity and situation of the Company.

The Statements can be identified, in certain cases, through the use of words such as “forecast”, "expectation", "anticipation", “aspiration”, "purpose", "belief" “may”, “will”, “would”, “could”, “plan”, “project” or similar expressions or variations of such expressions. These Statements reflect the current views of Telefónica with respect to future events, do not represent, by their own nature, any guarantee of future fulfilment, and are subject to risks and uncertainties that could cause the final developments and results to materially differ from those expressed or implied by such Statements. These risks and uncertainties include those identified in the documents containing more comprehensive information filed by Telefónica before the different supervisory authorities of the securities markets in which its shares are listed and, in particular, the Spanish National Securities Market Commission (CNMV). They also include risks relating to the effect of the COVID-19 pandemic on Telefónica’s business, financial condition, results of operations and/or cash flows.

Except as required by applicable law, Telefónica does not assume any obligation to publicly update the Statements to adapt them to events or circumstances taking place after the date hereof, including changes in the Company's business, changes in its business development strategy or any other circumstances.

This document and any related conference call or webcast (including any related Q&A session) may contain summarized, non-audited or non-GAAP financial information. The information contained herein and therein should therefore be considered as a whole and in conjunction with all the public information regarding the Company available, including any other documents released by the Company that may contain more detailed information. Information related to Alternative Performance Measures (APM) used in this presentation are included in Telefónica’s consolidated financial statements and consolidated management report for the year 2019 submitted to the CNMV, in Note 2, page 19 of the pdf filed. Recipients of this document are invited to read it.

Neither this document nor any related conference call or webcast (including any related Q&A session) nor any of their contents constitute an offer to purchase, sale or exchange any security, a solicitation of any offer to purchase, sale or exchange any security, or a recommendation or advice regarding any security.
Creating a leading communications provider in the UK

Mr. José María Álvarez-Pallete
Chairman & CEO
Transaction Summary

### Key Terms

- **Telefónica and Liberty Global have agreed to combine their telecom assets in the UK** (Telefónica UK and Virgin Media UK)
  - 50/50 JV creates UK leading convergent player with complementary strengths in mobile, broadband, video and B2B
  - Stronger, larger, more diversified; combined £11.0bn revs. £3.6bn\(^{(1)}\) OIBDA and £1.5bn OIBDA-CapEx\(^{(2)}\) (pre-synergies)
  - Telefónica UK valued at 7.8x OIBDA 2019; Virgin Media UK at 9.3x
  - Enterprise Value of the combined entity estimated at c.£38bn, including synergies. £12.7bn EV for TUK, £18.7bn for VMED UK
  - Pro forma combined entity will have 46.5m\(^{(3)}\) accesses, of which, 32.6m correspond to mobile, 5.3m to broadband, 4.9m to fixed voice and 3.7m to Pay-TV
- **Liberty Global will make a cash payment to Telefónica of £2.5bn to equalize ownership in the JV**
- **New joint venture will target leverage of 4.0-5.0x OIBDA**
  - Telefónica expected to receive £5.5-5.8bn of proceeds in total from the transaction (post dividend recap)

### Value-creation Rationale

- **Complementary fit creates leading UK integrated player, significant cross-selling opportunities for B2B, B2C and wholesale**
  - Convergent capabilities’ platform with best-in-class infrastructure and a technological advantage over peers
- **Transaction to unlock significant value, with synergies of c.£6.25bn NPV** (after integration costs)
  - Sizeable and highly visible synergies and efficiencies run-rate of c.£540m
- **Transaction to create significant value for Telefónica shareholders**
  - FCF accretive\(^{(4)}\) for Telefonica from year 1 and expected to reduce Telefónica’s net debt by £5.5-5.8bn\(^{(5)}\)
  - Credit positive; improves competitive positioning and business sustainability, reduces net debt at Telefonica

### Expected Key Dates

- **Transaction is subject to satisfactory approvals from relevant authorities and expected to close in mid-2021**

---

\(1\) Pre-IFRS 16; \(2\) OpCF = OIBDA-Capex, ex-spectrum Capex; \(3\) Figures as of 2019, ex-M2M subscribers; \(4\) Pro-Forma run-rate synergies basis; \(5\) Including leases.
**Transaction Structure and Key Terms**

**Key Terms**

- Based on the enterprise value of each business, and after deducting Virgin Media UK’s £11.3bn net debt, Liberty Global will make a cash payment to Telefónica of £2.5bn to equalize JV ownership
  - Telefónica UK contributed to the JV on a debt and cash free basis
  - Virgin Media’s Irish business to be carved-out ahead of completion
  - Telefónica to contribute its 50% stake in CTIL
- The JV will target a leverage ratio of 4.0-5.0x OIBDA
  - JV expected to raise new debt to reach its target leverage ratio; proceeds to be distributed equally between Telefónica and Liberty Global
  - The deal will not trigger a change of control under Virgin Media’s existing third party debt
- Following completion of the transaction, neither Telefónica nor Liberty Global will consolidate the JV
- Equal governance rights in line with 50-50 shareholding
- Telefónica and Liberty Global have agreed to provide a suite of services to the JV post completion

---

(1) Transaction perimeter includes 50% stake in CTIL; (2) Transaction perimeter excludes Virgin Media’s operation in Ireland.
Stronger, larger and more sustainable player

### Accesses (m; 2019)
- O₂: 46.5
- BT: 46.3

Compelling and differentiated value proposition

- **Fastest broadband**
  - Broadband speeds up to 1GBps by 2021

- **Customer centric mobile proposition**
  - Industry leader in NPS
  - Sector leading loyalty

- **Complete portfolio of digital solutions**
  - IoT with Big Data
  - Cybersecurity
  - Cloud
  - Advertising

- **Premium brands**

- **Rich content offering**
  - Only UK operator offering Netflix, Amazon & all sports

- **Attractive value proposition and business sectors**
  - Wide MVNO offering
  - Growing B2B to leading companies

- **Leading technology**
  - State-of-the-art platforms and product offering

**Telefónica**
### National Connectivity Champion

**Telefonica UK network: Highly competitive and cost-effective 5G ready mobile infrastructure**

- **99% population 4G coverage** and consistently recognized as **most reliable and best coverage network**
- Access to the **largest tower portfolio** in the UK with **15k sites** through its 50% stake in CTIL
- Successful long term relationship with Vodafone extended to 5G & Industry-led single rural network progressing
- **O2 5G already live in 30 places** and will reach 50 towns and cities by summer 2020
- Strong holding of <1GHz frequency, resulting in **best in-door coverage**; ongoing network optimization with spectrum refarming

**Virgin Media UK network: High performance & Ultrafast Today and Future proof for tomorrow**

- **100% of VM UK homes DOCSIS 3.1** hardware ready and **100% 1Gbps coverage in 2021**
- **15 million homes passed** of which 14.3 million are HFC and 0.7 million are FTTP/RFOG
- Access network **100% ducted in owned ducts**, 0% aerial, creating flexibility in upgrade path to future coaxial or fibre
- **8m km of fibre strands** of which the access network is 7.3m km
- Analogue TV and FM over cable radio services decommission complete

- **✓ Unique infrastructure in Europe to seize new opportunities arising from Fixed-Mobile convergence**
- **✓ No network monetization to date – retains ownership of its mobile and fixed infrastructure**
- **✓ Clear market leader in UBB (FTTP, HFC)**
Identified synergies of c.£6.25 bn NPV, with 80% of full potential related to OpEx and CapEx synergies

Identified synergies of c.£6.25bn(1)

- Cross-selling and bundling opportunities for residential and businesses customers
- Combination of regional and national network infrastructures and IT systems
- Migration of Virgin Media mobile traffic to Telefonica UK’s network
- Reduced marketing expenditures(2)
- Structure rightsizing

- c.80% of full potential related to cost and capex synergies
- Financial / fiscal synergies not considered

Run-rate operating and revenue synergies of c.£540m

- Cash positive since 2023
- >75% within 42 months
- 100% by 2026
- >50% within 30 months

Proven track record delivering synergies

- Both parties have completed several acquisitions over the last years with substantial value creation achieved through synergies
- Extensive experience with respect to building business cases, leading integration phases and realizing identified synergies
- Proven track-record of achieving and exceeding initial targets

---

(1) Net of integration costs; (2) Synergies Plan not assumes single brand strategy, which will be evaluated in the future.
Transaction fully consistent with TEF’s strategy

- Creates a leading and fully integrated champion in one of the 4 core markets for TEF
- Significant value creation through synergies
- Secures superior next generation fixed infrastructure to drive customer experience, complementing TUK’s mobile network
- Stronger, more valuable and sustainable platform with high dividends to continue reducing TEF’s net debt

Partnering with VMED UK is the most compelling option for Telefonica UK and best strategic path forward
**Governance, Exit and Timetable**

### Governance / Shareholders Agreement

- The **JV Board of Directors will consist of eight members**, four from each of Liberty Global and Telefonica.
- Certain matters will require unanimous approval of both companies’ representatives.
- The position of **Chairman of the JV will be held for alternating 24 month periods** by a Telefónica or Liberty Global appointed director. The Chairman has no casting vote.
- **Key management positions** will be announced prior to completion of the transaction.

### Exit

- **3 year lock-up**
- Each shareholder has the right to initiate an Initial Public Offering of the JV after the third anniversary of closing, with the opportunity for the other shareholder to sell shares in the IPO on a pro-rata basis.
- The parties have agreed restrictions on other transfers of interests in the JV until the fifth anniversary of closing.
  - After the fifth anniversary, each shareholder will be able to initiate a sale of the entire JV to a third party, subject to a right of first offer in favour of the other shareholder.

### Expected Transaction Timetable (1)

- Transaction notifiable to the European Commission (EC).
- The transaction may be referred back and require clearance by the Competition and Markets Authority (CMA).
- If approved **at Phase 1, closing** would take place **in Q4 2020 - Q3 2021**.
- If approved at **Phase 2, closing** would take place **in Q2 2021 - Q1 2022**.

---

(1) External counsel estimation.
Closing Remarks

• Creating a **leading integrated player with significant cross-selling opportunities in the second largest European market, improving market positioning**, group profile and **business sustainability**

• Combining Telefonica UK’s **leading mobile operations** and Virgin Media UK’s **extensive superfast broadband network** to benefit consumers, businesses and the public sector through investment to accelerate digital infrastructure deployment and improving customer experience

• Significant **value creation**: total cost, capex and revenue synergies with an estimated **NPV of c.£6.25bn** (after integration costs), additional financial / fiscal synergies not considered

• **M&A processes in 2 (UK and Brazil) out of 4 core markets**, progressing on the New Telefonica strategy

• Substantial value creation for Telefónica shareholders
  
  — **Stronger converged** challenger in the UK market, leading in customers and profitability
  
  — Improving **growth profile and market positioning**
  
  — **FCF accretive**$^{(1)}$ from the outset
  
  — Transaction expected to reduce Telefonica’s **net debt** by £5.5-5.8bn$^{(2)}$

  — **Credit positive** improving competitive positioning and long term business sustainability

---

$^{(1)}$ On a Pro-Forma run-rate synergies basis; $^{(2)}$ Including leases.
COVID 19 implications
Q1 20 highlights

Mr. José María Álvarez-Pallete
Chairman & CEO
Telecoms proving essential; responding all stakeholders

Connectivity is critical

- Reliable, stable and secure networks
  - +40% bandwidth demand; +50% mobile data traffic; ...
  - >€90Bn CapEx since 2012 pays off
- Ring-fence cash secure access to liquidity

Guaranteed continuity of service; resources built upon years

Strengthened confidence on our resilience

- Increased Demand for connectivity & digitalisation (B2C+B2B)
- Mobility work & security solutions rising demand
- CapEx flexibility (~50% of annual OIBDA)

Sustainable model for the long term; experience in crisis situations

Evidence-based mission: “Making our world more human by connecting lives”

Telefónica part of the solution...

- Our people = our greatest asset
  - 95% working from home;
  - Health & Safety come first; ahead of any commercial initiative

Caring for employees

- Services & capabilities to Public Admin. (big data, mobility data)
- Wiring and connecting field hospitals
- Donating sanitary equipment;
- Free educational and training content

Responding to society needs

... doing good

- Increasing data allowances, broadband speeds
- Enriching content bundles, children apps available

We care about our customers

- Shortened payments to key suppliers
- Protect health or providers
- Help vendors (problems of liquidity)

Caring about our vendors

Evidence-based mission: “Making our world more human by connecting lives”
Doing well; not immune, but relatively well protected

**Potential hit...**
- Managing impacts; **yet uncharted territory**
- **Pressure on B2B revs** (SMEs; corporates with higher exposure to COVID19; sales funnel, com. activity...)
- **Pressure on B2C revs** (roaming, prepaid, lower traffic to stores)
- Potential increase in **bad debt**
- Potential **supply chain/network/handset inventory disruptions**

**...but relatively well protected**
- **Demand for telcos on the rise**; potential for further **monetization**
- **Stable L/T revenue base**: flat rate contracts, L/T customers
- High quality, **future-proof asset base** (e.g. Fiber networks)
- **OIBDA better covered than top line** (costs relief, lower churn...)
- **Social goodwill earned** (close to society needs & all stakeholders)

---

**FCF Buffers from top to bottom**

- **Upselling of digital services**, specially Cybersecurity and Cloud
- **Higher demand in some services** (TV consumption, content fiction; VoD, higher BB speeds)
- **Accelerate** digitalization; strengthen on-line channels; transform network/ IT
- **Decrease in churn, commercial costs, advertising**
- **Discretionary CapEx management** = OIBDA-CapEx shelter
- **Delay of spectrum auctions** (Spain, UK, Brazil)

---

**We need to adapt to new reality**

**Levers to secure FCF**
2022 Guidance and 2020 €0.4 dividend reiterated

- Dec/20 €0.20/sh. (Voluntary Scrip)

2020 Guidance Withdrawn; significant changes in context & high level of uncertainty

Closely monitoring business evolution; managing Opex+CapEx

2020 current outlook: slightly negative to flat OIBDA-CapEx

Despite current uncertainty; confidence in future demand growth for connectivity, digital services...

Confidence in business model flexibility to weather current environment, coupled with solid liquidity position & business resiliency
