

# A connected world, A sustainable world

Sustainable Development Goals: our agenda

## Responsibility:

Leading by example

Boosting confidence through our actions and commitments, and promoting inclusion and equality for all.

5 16 17

## Prosperity

Helping society to thrive

Promoting more inclusive connectivity by bringing digitalisation to all and promoting social and economic development in the communities where we work.

4 8 9

## Planet:

Building a greener future

Building a greener, digital future and reducing our environmental impact for more sustainable development

7 11 12 13

We have established a work programme revolving around Goal 9, which aims to build sustainable, resilient, high-quality infrastructure and foster innovation to tackle the major challenges facing the planet.
