Support for Venezuela

Madrid, June 25, 2026.- In response to the earthquake that has struck Venezuela, Telefónica, through Movistar and O2 (both personal and business lines), has enabled free calls to help people stay in touch with their families and loved ones during this time.

Additionally, eSIMFlag will provide free service days to individuals who need to travel to Venezuela for professional, humanitarian, or emergency reasons, in order to ensure their connectivity upon arrival in the country and throughout their stay.

Telefónica expresses its solidarity with all those affected and reaffirms its commitment to helping maintain communications in emergency situations.
